# **1. INTRODUCTION**

Another edition of Summer Cup with heightened motivation to continue a project that started in 2000.

## XXI SUMMER CUP 2022

**PORTUGAL - SPAIN - FRANCE - NETHERLANDS - ITALY - MONACO**

This numbers prove the role of the Summer Cup on the international level. The teams that have already visited us know how we evolved and the importance of this type of tournaments in motivating the young people to continue the practicing of volleyball.

We continue having the same goals, always based on continuous improvement of our organization, aware not only of our limitations, but also of our huge human potential.

## **2. INVITATION**

The organization of the **XXII Summer Cup 2023** is pleased to invite your prestigious club to participate in the 22th edition of this international youth volleyball tournament.

The event will be held between **5 to 9 of July**, in Lousã, Portugal (28 km from Coimbra) in collaboration with the municipalities of Miranda do Corvo, Góis, Penela, Penacova, Castanheira de Pera and Vila Nova de Poiares.

The tournament is aimed to teams from the following age groups:

- **Under 14** (“Infantis”) boys and girls: born in **2009** and after;
- **Under 15** (“Iniciados”) boys and girls: born in **2008** and after;
- **Under 16** (“Cadetes”) boys and girls: born in **2007** and after;
- **Under 19** (“Juvenis/Juniores”) boys and girls: born in **2004** and after.

### **3. GOALS OF THE TOURNAMENT**

**1** Extend the sports season of 2022/2023, keeping the participants teams motivated to keep training beyond the regular season.

**2** Mark the end of the competition season through a tournament, where the parties and the moments of fraternization between the participating teams are a constant and give this event unique entertaining features.

**3** Gather in Lousã and neighboring municipalities (Central region of Portugal), the family of national and international youth volleyball.

**4** Allow coaches to test teams and players that will be part of U14 level in 2023/2024 season. This opportunity is particularly important for the teams that still played mini volleyball this year and want to join the tournament for the teaching of 6x6 in the U14 competition.

**5** Also the teams who competed hard at the U15 level can register for U16 and so prepare the next season where they can already make substitutions during the set and use the libero player.

## **4. ORGANIZATIONAL STRUCTURE**

The organization of the Summer Cup consists of about 15 elements that constitute the “core” group. They are distinguished by wear orange uniforms.

In close partnership with these elements there are about 30 “collaborators”. These elements are the operational staff of Summer Cup, assisting the participants in the sports facilities, transportation and meals. They wear green and are responsible for proximity organizational tasks.

Similarly, the Summer Cup has the privilege of having a noted group of official referees who coordinates the refereeing with about 100 volunteers.

**In total, there are 150 elements performing organizational tasks that contribute to the achievement of one of the best volleyball tournaments in the world devoted to the youth level.**

## **5. ACCOMMODATION**

The accommodation will be available in **classrooms** in the main schools of the towns of Lousã, Miranda do Corvo and Vila Nova de Poiares.

## SUMMER CUP ACCOMMODATION RULES:

- 1** The criteria for the distribution of the teams' accommodation are of the sole responsibility of the **Summer Cup organization** and may be adjusted in each edition.
- 2** The teams from foreign countries and autonomous regions of the Azores and Madeira are always housed in Lousã due to the need to travel one day before the start of the event and leave one day after the event.
- 3** The teams will be charged for the costs related to fixing damaged material in schools in result of its unauthorized or improper use.
- 4** The organization will provide one mattress per element (**only for the foreign or teams from islands**) and each participant should bring a sleeping bag or sheets and a pillow.
- 5** Teams wishing to be housed in another type of accommodation - Hotel, Inn, etc., are responsible for the corresponding fee and should make reservations directly with the hotel.

## **6. MEALS**

The meals are prepared in **school canteens** and the registration fee for each person already includes their cost throughout the tournament for the following meals:

	4 July (Tuesday)	5 July (Wednesday)	6 July (Thursday)	7 July (Friday)	8 July (Saturday)	9 July (Sunday)	10 July (Monday)
Breakfast							
Lunch							
Dinner							

The first official meal of Summer Cup is LUNCH OF WEDNESDAY. The last official meal is LUNCH OF SUNDAY.

The clubs must let the organization know, as soon as possible, about the cases of FOOD INTOLERANCE in order to allow the company to provide the most adjusted meal for each case. At the check-in will be delivered na INTOLERANT CARD, so the team's responsible must be sure that all the participants with FOOD INLOLERANCE have the card that allows them to get their special food at the canteens. If clubs needs "unofficial" meals (marked "X") should contact the restaurants directly. The organization may provide some contacts of restaurants but is not responsible for the reservation process. There is also several supermarkets near the accomodation places (schools), where is food available.

## **7. SECURITY**

The organization of the Summer Cup has a special concern about security of the teams. In this sense we have counted on the collaboration of professionals duly qualified for this purpose.

The security on this kind of event is, obviously, essentially educational and restricted exclusively to the perimeter of schools and places where the event takes place.

To contribute to this collective effort we remind, **all participants must wear the identification badge** provided in the check-in.

The fact that we have a security team does not invalidate the need for coaches also perform preventive actions to reduce to a minimum the situations of some danger.

**IN NO CASE ATHLETES CAN LEAVE VALUABLES (PHONES, TABLETS, WALLET, CAMERAS, ETC.) IN THE BATHROOMS, CLASSROOMS AND STANDS OF THE SPORTS HALLS.**

## **8. TRANSPORTS**

## GENERAL TRANSPORTS

The organization will provide the transportation of the teams for all games and tournament activities.

However, teams may use their own transportation, thus avoiding any waiting time for the official transportation and benefiting from greater autonomy.

**NOTE: THE OFFICIAL TRANSPORTATION WILL ALWAYS BE AVAILABLE, EVEN FOR THE TEAMS THAT HAVE THEIR OWN VEHICLE.**

## TRANSPORTATION AIRPORT - LOUSÃ - AIRPORT

The teams from the autonomous regions of Azores and Madeira and foreign countries using airlines can request the tournament transportation between the Lisbon or Oporto airport and Lousã.

The organization will provide buses that will transport several teams from Lisbon or Oporto Airport to Lousã. In order to cover the costs for the buses available to teams for each of the following routes:

- **Airport → Lousã = 17,50 € per person**
- **Lousã → Airport = 17,50 € per person**

Each member of the delegation is expected to contribute with 35 € for this transport.

Obviously, the participating teams are not required to use the organization's transportation in their trips to Lousã. If they wish, they may use the train network service ([www.cp.pt](http://www.cp.pt)) or the bus network service ([www.rede-expressos.pt](http://www.rede-expressos.pt)). The prices offered by the train or bus services are around 35 € per ticket.

**NOTE: THE PRICES PROVIDED BY NATIONAL TRANSPORTATION COMPANIES BY TRAIN OR BUS ARE MORE EXPENSIVE, ARE NOT DIRECT AND OFTEN DO NOT INCLUDE THE CONNECTIONS BETWEEN STATIONS.**

The teams need to ARRIVE ON JULY 4th, TUESDAY, DURING THE DAY.

The organization shall provide to the teams one transport in the afternoon and another at night, with schedules adjusted as much as possible to the flights arrival time. Some teams may have to wait for others.

For the return, we ask the teams to **BOOK THEIR FLIGHTS TO MONDAY, JULY 10th, IF POSSIBLE, TO THE END OF THE MORNING OR EARLY AFTERNOON**, thus preventing the departure from Lousã to the airports in the early hours of July 10th.

It may be necessary that some teams have to leave Lousã early for the airport since, for logistical reasons, the bus should be as full as possible. So the teams whose flight schedules are closer to the first team leaving should follow in the same bus.

## **9. PARTIES AND GATHERINGS**

Parties are the main hallmark of the Summer Cup. It is a rare combination of factors that make the atmosphere of this region during the tournament and the environment that exists between the teams is really unique.

Assuming the friendly atmosphere between athletes, coaches, managers/parents, referees and volunteers as an important goal to be achieved, the organization has established four important moments of confraternization.

## WELCOME PARTY

In the Summer Cup, gatherings begin before the tournament starts.

On **Tuesday** evening there will be the **“Welcome Party”** that aims to welcome the foreign teams arriving the day before the event starts. In this way, we intend to “break the ice” and acclimatise teams to the spirit of the tournament.

## FUN ZONE PARTY

On **Thursday** evening we held the **Fun Zone Party** with all the teams in the competition. It is characterized by being an exciting outdoor party with a DJ and where the organization offers a “pig on a spit” for coaches and managers.

## POOL PARTIES

On **Friday** afternoon the gathering takes place in the **Pools or River Beaches** in the municipalities where the teams are playing on that day. This is another form of the participants take conscience of the natural beauty of this area of the country, in addition to being a quiet counterpoint to the bustle of indoor volleyball games.

## CLOSING PARTY

On Saturday is the last party of the tournament, the Closing Party taking place in the Exhibition Park of Lousã and that makes gather all participants intending to signal the end of the event.

# **10. REGISTRATION PROCEDURES**

# REGISTRATION PROCEDURES

The teams should make their pre-register as early as possible in where will also be available the delegation form and payment data in order to formalize the registration:: <https://www.lousa-volleyclube.com/summercup-inscricao-equipas/>

The correct filling of the delegation form and its timely delivery is essential for accreditation procedures of the participants to ensure the security during the tournament. The only selection criterion of teams is the order of registration. The acceptance of registrations is immediate (unless otherwise informed by the organization), so **any withdrawal must be notified immediately**.

# REGISTRATION FEE

To be able to organize an event of this dimension, the individual contribution of each participant through the **registration fee** is critical, which will serve to meet the following expenses: accommodation, 4 breakfasts, 5 lunches, 4 dinners, health and safety (on schools and sports facilities), physical therapy, refereeing, logistics, transportation, animation, etc.

**The registration fee for the XXII SC 2023 is 135 €.**

The deadline for the fee payment is **June 1st** (two weeks before the tournament starts). From that date, the registration fee will be 200 €.

Registrations can **close before the deadline** if there are a large number of registrations, limited by the accommodation capacity.

**NOTE - THE REGISTRATION FEE APPLIES TO ALL ELEMENTS OF THE DELEGATION: ATHLETES, COACHES, MANAGERS, PHYSICAL THERAPISTS, PARENTS, ETC.**

Example		Until June 20th	Transportation	Total Registration and transportation
Nº	Delegation	135€ per element	35€ per element	
10	9 athletes + 1 coach	135€x10 = 1350€	10x35€ = 350€	1350+350 = 1700 €
11	10 athletes + 1 coach	135€x11 = 1485€	11x35€ = 385€	1485+330 = 1870 €
12	11 athletes + 1 coach	135€x12 = 1620€	12x35€ = 420€	1620+360 = 2040 €
13	12 athletes + 1 coach	135€x13 = 1755€	13x35€ = 455€	1755+390 = 2210 €
14	13 athletes + 1 coach	135€x14 = 1890€	14x35€ = 490€	1890+420 = 2380 €
15	14 athletes + 1 coach	135€x15 = 2025€	15x35€ = 525€	2025+450 = 2550 €

# SPECIAL CONDITIONS

The attribution of special conditions to clubs with several teams entered in the tournament, obviously want to encourage coaches and managers to mobilize all teams of the club so that it is more advantageous to participate.  
For this purpose **only account** the teams registered with a **minimum number of 8 players**.

# METHODS OF PAYMENT

After completing the registration on our website, the clubs must pay the registration fee. The payment should be made by wire transfer, until June 20th, without any exceptions, in which must:

- **send the proof of transfer by email;**
- **clearly identify the team/club.**

The organization makes available two accounts in which may choose, if opting for this mode of payment:

**IBAN:** PT50 003504080003052440058  
**BIC SWIFT:** CGDIPTPL

**IBAN:** PT50 001000004974763000121  
**BIC SWIFT:** BBPIPTPL

The **registration is only validated after the payment** of the registration fee. The organization will **send the receipt** of the payment after receiving the check or the wire transfer. The club must provide the data to the organization in order to issue the invoice/receipts

**Note:** The organization reserves the right to not return the amount already paid, if the team withdraws from the tournament after June 20th.

## **11. SUMMER CUP INSURANCE SERVICE**

It is the sole responsibility of the participating clubs to make sure that athletes / coaches / managers and others who will represent the club possess **sports insurance**, as well as consent from parents, in case of minors.

In the absence of sports insurance, teams must possess an insurance against personal injuries - sport, culture and recreation for the days of the event, with similar values to the insurance policy of the portuguese volleyball federation.

If the teams need help with this insurance, the tournament offers the service **“SC Insurance”**.

Through the data contained in the delegation form (full name, civil identification number and date of birth) the insurance intermediary formalizes the personal accidents insurance.

This service has a **cost of 5€ per person**.

The expenses for this service are responsibility of the club, which must inform the athlete parents of the entire process and the payment must be made until the check-in.

## **12. TRAINEE OF REFEREES**

The Summer Cup, assuming its responsibilities as organizer of one of the best volleyball tournaments in the world, increasingly assumes the professionalization of refereeing in the tournament. At the same time, we continue to focus on the formation of volunteer referees. This type of summer tournaments, because of their unique characteristics are the ideal places to train sports agents.

Therefore, the organization of the event will provide interested parties with a training course on refereeing and score sheet filing instructions.

In this training, portuguese and foreign referees may participate, who, having already been trained by the respective federations or associations of the countries of origin, intend to acquire an experience of refereeing in an international youth volleyball tournament.

The referees will be properly integrated and monitored by portuguese referees with a lot of experience in this type of event.

## **13. CCOMPETITION**

The Summer Cup is also about competition. Around 700 games are held in 5 days in 40 fields simultaneously.

Most teams use the Summer Cup to prepare teams for the coming season by signing teams in the level above and thus be faced with more advanced levels of play and the specific rules of those groups.

On the other hand, the planning of the competition provides for all teams the largest possible

number of games regardless the classification. Usually all teams make about 9 games.

In the first and second stage of the competition the games have **3 mandatory sets**. The first and second sets are until 25 points and the third until 15.

In the final phase (crosses and games that define the final classification) games are played at **best of 3 sets** (who wins two sets win the game). The Finals will be played at **best of 5 sets**.

When designing the competitive frameworks the organization defines the series by the playing level forecast of the teams during the registration at the event. This procedure is based on the ranking of national championships and organizational experience. The key of competitive frameworks is part of the Summer Cup and promotes increased competitive balance as the competition progresses.

In all the competitions the minimum is 6 athletes. However, we advise teams to bring at least 8 players, allowing the change of players, thus preventing the occurrence of any injuries.

In the U14 competition the libero player is not allowed.

**PLEASE NOTE: ALL TEAMS MUST PRESENT BALLS FOR WARM-UP AND GAMES!**

**(So teams can carry the balls in the airplane more easily, the organization provides a compressor to enable them to fill the balls on arrival.)**
